Publishamerica, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This particular historical review book, which not only reviews the start up history of the first wave airline industries but connects the work to the successful efforts put forth by the second wave, new space accessing, service providers aloft. This information ranges from the end of the first wave airline industry, via the start of the jet age in the 1950 s, and spans the era of deregulation and 911 tragic event aloft while terminating with an exploration of today s, 21st century, understand of mankind s airliners quest to reach space. As in the case of all Dr. Haynes work this particular literary body of information can either serve as a stand-alone, or a bridge-in step two lead-end subject matter platform covering first and second wave airlines laws and regulation and general late 20th century airlines economics. The information helps the over all confines of Dr, Haynes pentateuch like literary series, as first published in 1984. The TWGA series encompasses literary Ph. D research based title projects such as the First Wave Airline to the Troposphere, Third Wave Airline to the five Lagrange Points, Spacelines to the Milky-way, and Starlines to the Universe. Dr. Haynes is the only Ph. D / aviator to have published an airline business know-how Heb. torah like book package pointed at the subject of transitioning into civilian space passenger / cargo transportation operations across the new spaces aloft. Thanks to this latest project, Second Wave Airlines to the Stratosphere, Dr. Haynes is now also the only aerospace scientists in the world to possess a pentateuch numbered, literary based historical aviation book series. As always, Dr. Haynes has composed the relative, and fully...
